## Butte des Morts Conservation Club Vision Statement

In striving to Conserve, Preserve and Restore the Upper Winnebago Pool Lakes and their tributaries, wetlands and natural resources, and specifically Terrell's Island, the Butte des Morts Conservation Club takes an active approach to environmental issues through public awareness, education and hands-on projects. Efforts are focused on balancing the provision and restoration of natural habitat for local and migrating birds, fish and animals with offering the public educational and recreational (hiking trail) opportunities.

### Become a Member Today!

Your membership helps support the conservation, preservation, and restoration of Terrell's Island. Also, stay updated on club projects, events, & volunteer opportunities.
